1) Congress Updates (15 min)

- Warsaw Congress: Implementation of decisions taken

The president thanked the Bureau Members and the Secretariat for the overall success of the 2024 Congress in Warsaw and asked to do a round and gather feedback.

Fringe: Despite an improvement in the attendance of the fringe events that we propose ahead of Congress it remains insufficient. We need to ensure proper attendance from the fringe especially as some are sponsored by partners and thus do not give a good image.

Decision: Only 1 fringe ahead of Congress with the possibility to invite a speaker to deliver a keynote during the dinner on Day 1.

Approval of the Secretary-General: Following the approval of the Congress of the Secretary-General, the administrative process will start to register him in the Moniteur Belge and with the bank, his new work contract will also be drafted.

Organisational aspect: A general meeting between Bureau members and the Secretariat should be organised in the week ahead of Congress in addition to the Internal Briefing email to ensure an efficient division of tasks and responsibilities.

Disaffiliation: Following the disaffiliation of Joves Liberals (Andorra) and the Youth Forum of AKR (Kosovo) their debts will be erased.

- Updates Spring Congress

ED gives an update on the state of play of the LYMEC Spring Congress 2025 to be held in Zagreb, Croatia. The venue, the catering and a third of the accommodation are already booked. The Secretariat is coordinating with the partners to find a suitable place for the reception and additional accommodation.

Due to the collapse of the German Government and its repercussions on the potential support from our partners in funding this Congress, the Treasurer and the Secretariat will monitor the situation to ensure sufficient funding is located from alternative partners.

- Steps to take for Spring Congress

Only 1 fringe will be organised as decided above with the possibility of a keynote in the evening.

2) Upcoming Calls and Communications (15 min)

The following calls were presented by the President and submitted for approval to the Bureau Members. The calls will be launched the week following the congress to ensure sufficient dissemination.

- Approval call for 2025 Autumn Congress

- Approval call for communication Assistant

- Approval call for IMS elections 2025

To ensure more attendance the debates will take place ahead of the holiday season.

3) Updates from Bureau Members (30 min)

- Updates on the Revamp of the Statutes and internal document – MP

- Meetings were organised to go through all the documents, policies and procedures that need to be rewritten. Inputs were gathered from the Auditors and the Committee of Discipline and Arbitrage.
- IH Stressed that we need concrete proposals by the Digital Assembly to allow members to discuss ahead and then to be approved swiftly by the congress

Decision: The following plan was decided:

Recommendations from the working group will be sent to the MOs before the Digital Assembly of January 2025. They will be discussed during the Digital Assembly and then submissions of the Revamp of the Statutes and Internal Document by the 8-week deadline ahead of Congress.

- IH outlines the will for the document to replace different policies, including the Congress rules.

- Plans on revamping the induction of new IOs in LYMEC – SB

- All the information is available but spread across the website. Proposal to draw up a single short, and visually appealing document, grouping information. For the IO to introduce them to LYMEC, what the organisation is expecting from them, and what they can expect from it.
- SB also proposed that a similar guide could be made available for delegates during the Congress.
- IH reminds the Bureau about the Practical guide which already exists and the risk of duplication.
- CL highlight the fact that we have regular meetings with Chairs ahead of Congress.

Decision: SB will be in charge of drafting the guide to IO with the support of DP for the design.

- Sharing of contact details of IOs – SB

- With the idea of easing communication between LYMEC Members Organisations, facilitate cooperation and collaboration on projects, events and activities. LYMEC will put in place a document allowing each MO to contact each other through their email address.
- Every MO will be asked to give explicit consent to share those data in the Membership Survey 2024 and the Secretariat will put in place measures to ensure that data are protected under the GDPR. Only the contacts of international officers will be made available, preferably their official member's email address.
- We will need to ensure that dissemination is done securely through a protected document.
- AS: is there a possibility to use the new functionality of the LYMEC website?
- IH: SB/AS/MP coordinate and propose a solution by the next Bureau Meeting in December.
- There is also a need to remind that Members are required to inform the organisation if they are changing IOs and/or President via sending an email to office@lymec.eu

The deadline to apply is the end of the month the first draft needs to be delivered in the coming weeks with an accrued need to fact-check each other's inputs and track changes on this crucial document as this funding is vital for the functioning of the organisation and time-sensitive.

We will ask the social secretariat for a yearly update on projected end-of-contract costs and will discuss with the external auditors whether we can create a reserve for that purpose.
