

Nomination of Marten Porte for LYMEC President

Dear LYMEC,

On behalf of the Jonge Democraten, it is our genuine pleasure to nominate Marten Porte for LYMEC President at the upcoming Electoral Congress in Vienna.

Marten has been an active and reliable contributor to our organisation for many years. As a former board member of the Jonge Democraten, where he served in the 'External' position and as treasurer. He demonstrated a consistent ability to build partnerships and manage responsibilities with precision.

His long-standing involvement within LYMEC speaks for itself. Marten first joined the Bureau as Treasurer during the 2020–2022 mandate. In the 2022–2024 term, he continued his service as LYMEC's IFLRY Representative and completed the mandate back on the Bureau as Treasurer following a midmandate resignation. He then had the pleasure to be re-elected as Treasurer for the current 2024–2026 mandate.

In his positions in LYMEC he has been vital in strengthening the LYMEC office with a second full-time staff member while significantly improving LYMEC's financial health. In the last mandate he has led a complete re-do of LYMEC internal regulations which resulted in the new Rules of Procedure

As a committed liberal and a long-time advocate for youth participation in European politics, Marten brings both experience and a clear sense of purpose. We are confident that his steady leadership style, technical expertise, and proven dedication will be valuable assets to the next LYMEC Bureau.

For these reasons, we are proud to present Marten Porte as a strong and dependable candidate for this role.

Sincerely,

Anna Maaten
International Officer

Rachelle Snook
President
