

To whom it may concern,

We, the Executive Committee of the Young Liberals, hereby nominate Seàn Bennett to stand for the role of Vice President of LYMEC in the forthcoming elections.

Having served for several years on the Young Liberals Executive, most notably as our co-International Officer, Seàn now sits as one of our Honorary Vice President's, in which role he has conducted himself excellently and brought his considerable experience and enduring level-head to bear for the organisation.

Beyond YL, Seàn's commitment to LYMEC and to European Affairs is plain to see. He has served on the Executive of the Liberal Democrat Europe Group for over 3 years, is a sitting member of our party's Federal International Relations Committee, and has been elected to the national council of the external pro-European group, European Movement UK. In these pursuits, and in others, Seàn has always committed himself to championing the work of LYMEC and the value it brings to its Member Organisations and their respective mother parties.

Seàn is perfectly placed to continue to serve LYMEC as Vice President and will bring to the role his years of expertise, his unwavering dedication, and his acute diplomatic, managerial, and mediatory abilities. His experience, commitment, and work ethic have already been of benefit to our party and to LYMEC, as he comes to the end of his 2-year mandate as your Events and Engagement Officer.

The Young Liberals Executive Committee are pleased to support Seàn's nomination for Vice President of LYMEC and would encourage all those who read this to support him as he seeks to continue dedicating his time, energy, talents, and considerable experience to LYMEC.

Will Tennison

Chair, Young Liberals

On behalf of the Young Liberals executive Committee
