Dear Members, Bureau, and Secretariat of LYMEC,

On behalf of the Alliance Youth Executive, I am pleased to support Tommy Monahan's candidacy for the LYMEC Bureau.

I have worked closely with Tommy in his role as International Officer and have witnessed his commitment, reliability, and ability to represent our organisation effectively at a European level. He has strengthened our engagement with LYMEC and created more opportunities for our members to connect, contribute, and develop within the wider liberal family.

Tommy brings a strong combination of political and professional experience. As a candidate in the 2023 local elections, he demonstrated initiative and a clear commitment to public service. Alongside this, his work in European affairs in Brussels has given him a practical understanding of policymaking and advocacy, skills that are directly relevant to the work of the Bureau. We were also very pleased with his contributions as part of the Young Changemakers' Academy in 2024 and more recently as an ALDE Delegate last year.

He approaches his work in a thoughtful and collaborative way, with a clear focus on delivery. Whether through improving participation or strengthening external engagement, he is focused on achieving tangible outcomes rather than simply setting ambitions.

I am confident that Tommy would make a great addition to the LYMEC Bureau, and I strongly encourage you to support his candidacy.

Yours sincerely,

Thomas Blain
