

Endorsement letter

It is with great pleasure and without reservation that Radikal Ungdom, the youth wing of the Danish Social Liberal Party, endorses **Aleks S. Løndal** as a candidate for the position of **Internal Auditor of LYMEC**.

Aleks has been a member of Radikal Ungdom for four years, where he has contributed to the organization in multiple ways. Aleks has been an engaged and dedicated member of the International Committee and has shown a very high degree of professionalism and commitment to the values and goals of Radikal Ungdom. From our point of view his ability to engage seriously in international affairs, while being a reliable and constructive presence in our organization, represents a sense of responsibility that we believe will serve LYMEC well in this role.

Aleks is one of those people who all organizations appreciate having; a true enthusiast who is available whenever he is needed. He approaches every assignment with thoroughness and care and does so with a warmth that makes working together a pleasure. He is, in every respect, a person who possesses both substance and character.

An example of his dedication is the work he has undertaken to restart and support Radikal Ungdom Vestegnen, a local chapter, continuing to contribute meaningfully to this effort even while residing in Brussels. We believe that this speaks not only to his commitment, but to his ability to take initiative and follow through.

We are confident that Aleks will bring the same diligence, integrity, and dedication to the role of Internal Auditor, and we wholeheartedly encourage all to place their trust in his candidacy.

Yours sincerely,

Anastasia Milthers
President, Radikal Ungdom
