

Dear Esteemed LYMEC Members,

In my capacity as Secretary General of Joventut Nacionalista de Catalunya, and on behalf of our National Executive Committee, I am pleased to express my strong and enthusiastic support for the nomination of Martina Barrés Sabartés to the LYMEC Bureau for the 2026-2028 term.

Since joining our organisation in 2020, Martina has consistently demonstrated a firm and genuine commitment to our shared values. Her involvement has been both active and impactful across the local, national, and international levels, where she has worked tirelessly to advance our ideals and promote meaningful change. Her academic background and professional experience, combined with her energy and dedication, make her exceptionally well-suited for this responsibility.

Martina brings with her valuable experience from her previous role within our National Bureau as International Officer. In addition, her active participation in LYMEC and ALDE Congresses, as well as her recent work as LYMEC's IFLRY Representative, have given her a strong understanding of the liberal international movement and its challenges.

She embodies the qualities we value most: responsibility, openness, and a forward-looking mindset. These strengths, together with her proven commitment and experience, make her a highly credible and capable candidate.

I am confident that Martina will make a meaningful and lasting contribution to the LYMEC Bureau. I therefore warmly encourage members to give her candidacy their full consideration.

Thank you for your time and consideration.

A handwritten signature in black ink, consisting of a stylized, cursive 'A' followed by a horizontal line.

Aleix Agustí Canals
Secretary General, JNC
