Nomination letter for LYMEC Bureau candidacy

Dear liberal friends,

The Youth Forum of Naša stranka is proud to nominate **Anes Hodžić** as our candidate for the LYMEC Bureau, a nomination confirmed by the Presidency of the Youth Forum of Naša stranka on 5 March 2026.

Anes has been a committed member of our organisation since 2018. He has played an active role in two general and two local election campaigns since 2020, while also contributing across key areas of our party's work, including policy development, public polling, communications, and negotiations.

As International Officer of the Youth Forum of Naša stranka, Anes revitalised our international engagement. Under his leadership, our presence within LYMEC and IFLRY grew significantly: our delegation expanded, our members became more active and visible, and our ideas translated into adopted resolutions. He created opportunities for our members, with around 15 of them participating in international events over the last two years, and helped position our organisation as a reliable and constructive partner. Hosting the IFLRY General Assembly in Bosnia and Herzegovina in May 2025 stands as a clear testament to his ability to deliver at the highest level.

Professionally, Anes brings valuable institutional experience. He served as Secretary of the Naša stranka caucus in the Parliamentary Assembly of Bosnia and Herzegovina, before advancing within the party's Research and Policy Development Department from a researcher to the Head of Department. He has also contributed to the work of our International Secretariat. This combination of political, organisational, and policy expertise makes him exceptionally well-prepared for work in the LYMEC Bureau.

Anes is a person who builds, connects, and delivers. That is why we are confident that he will bring energy and reliability to the Bureau from day one. We would be honoured if you would support his candidacy in the upcoming elections.

In Sarajevo on 20 March 2026, on behalf of the Youth Forum of Naša stranka

**President of the
Youth Forum of Naša stranka**

Timur Vilić
