To whom it may concern,

RE: Tim Robinson, IMS Steering Committee Nomination for LYMEC Treasurer

We are proud to nominate Tim Robinson for the position of Treasurer in the upcoming LYMEC Spring Congress in Vienna.

Tim has been an integral part of the Individual Members Section for many years, serving first as an elected delegate and now as a member of our Steering Committee. Throughout this time, he has demonstrated exceptional professionalism, reliability, and a deep dedication to strengthening the role of individual members within LYMEC. His recent chairing of the 2025 Autumn Congress in Bratislava is only the latest example of this

Beyond his long-standing engagement in LYMEC, Tim brings valuable professional expertise as a Chartered Certified Accountant with extensive experience in risk, governance, and internal audit. These skills are directly relevant to the Treasurer role and give full confidence in his ability to safeguard LYMEC's financial health, improve our internal processes, and support the organisation through financial and structural challenges.

Tim combines technical skill with a genuine passion for making LYMEC more accessible, more resilient, and more forward-looking. His proposals to strengthen financial controls, diversify income, and rethink how we deliver events reflect both ambition and practicality: qualities we believe are essential for the next bureau.

For these reasons, we are pleased to put Tim forward as our nominee for Treasurer.

Sincerely,

The IMS Steering Committee

Christopher Jefferies
IMS Steering Committee Member
