

Edgaras MASCINSKAS

Dear Friends, dear colleagues, dear liberals,

As I am writing this letter I understand that I am not like my counterparts. I am not going to swallow up your time by time travelling through my past.

I appreciate your precious time; therefore I want to draw your attention to the most important part of this letter: **Why should you choose me as an IMS delegate?**

What drives me forward in life is my passion to explore, learn new things, and a desire to empower individuals.

This is one of the reasons why I choose a career path that directly led me to the ALDE Party. Having worked with Liberal Democrats, European Liberal Youth and ALDE Group in the EU Committee of the Regions, I want to take this opportunity to become an IMS delegate, so that I could **strengthen, enhance** and **empower** Individual Members of LYMEC. Just as I promote and advance liberal ideas as Events and Website Assistant at the ALDE Group.

I want to focus on 3 key areas:

- 1) **Strengthen:** As an IMS delegate I want to strengthen the voice and visibility of Individual Members. I can do this by regularly exchanging views with you, Individual Member, and representatives from other LYMEC member organizations. Moreover, by having a social media campaign and building on success stories to broaden the Individual Members Section.
- 2) **Enhance:** I want to promote IMS as a core feature of LYMEC. I can do this by actively engaging with LYMEC Bureau in organization of events and conferences, but also by acting as a linchpin between Individual Members and member organizations.

Edgaras MASCINSKAS

3) **Empower:** I want to empower you, Individual Members. I can do this by closely working with the Bureau and organizing online trainings and discussion boards.

With all of this in mind, I would be honoured to represent You, Individual Member, at LYMEC congresses and other projects.

Lend me your voice, and I will strengthen, enhance and empower Individual Members Section of LYMEC!

Best wishes,

Edgaras MASCINSKAS
