Nomination letter for Sissel Kvist

Dear liberal friends,

I am honoured to nominate Sissel Kvist for the position of President of the European Liberal Youth – LYMEC on behalf of Radikal Ungdom (Denmark).

Sissel has been a dedicated member of Radikal Ungdom since 2005. From 2009 to 2011, Sissel served as the European officer of Radikal Ungdom. During these two years, Sissel did a tremendous job fighting for European values and cooperation. Her work helped give Radikal Ungdom a strong profile in the field of European politics.

Besides her work in Radikal Ungdom, Sissel is also well known and highly respected in our mother party, Radikale Venstre. She has among other things been praised for her brilliant work as candidate for the European Parliament Elections in 2014.

From 2013 to 2015, Sissel was furthermore elected vice-president of the ALDE Gender Equality Network. Here, Sissel has been known for focusing on the rights and freedoms of the individual and never being afraid of engaging in heated debates.

Sissel's work first as LYMEC's campaigning officer then as vice-president of the LYMEC Bureau speaks for itself. Passionate, engaged and result-oriented. I genuinely believe that Sissel through her work and results both politically and organizationally has improved LYMEC as an organization.

I therefore encourage you to vote for Sissel. Radikal Ungdom undoubtedly has faith and trust in her ability to become a magnificent LYMEC President.

Please do not hesitate to contact us if you have any further questions concerning Sissel's candidacy. We will of course be happy to discuss her candidacy beforehand or discuss it personally with you in Vienna.

On behalf of Radikal Ungdom,
Victor Boysen, President of Radikal Ungdom
