Bureau Report on how Momentum TizenX fulfil the criteria set out in the LYMEC Statutes article 11 (2) and (3)

As becomes evident in the Application Form, Momentum TizenX is a national youth organisation run by and for young people, based in a European country (Hungary). They express in their application that they agree with the LYMEC Statutes and Manifesto, and that they are not members of any other Pan-European political organisation that is not based on liberal, radical democratic ideas. Momentum Tizenx has provided the LYMEC Secretariat with a copy of both its Statutes and its Manifesto, both in English and in Hungarian, and has declared how membership is defined as well as the number of members (263), they have declared their links to other organisations and provided information on their sources of finance.

Representatives of Momentum TizenX have attended LYMEC events during the past months, where members of the LYMEC Bureau have had the possibility to discuss their membership application further.

LYMEC is supported by operational funds from ALDE Party, from ALDE Group in the European Parliament and the Erasmus Plus programme of the European Commission.

Co-funded by the
