

Dear liberal friends,

I would like to express my gratitude for giving your support for the position of Bureau member one year ago.

The past months were quite difficult, since I had to run my personal campaign for Vilnius City Council. Gladfully liberal spirit that we felt in Vilnius during the previous LYMEC Congress did not leave the city.

Today in Vilnius we are celebrating victory with liberal mayor Remigijus Šimašius and the biggest fraction in Vilnius Council. Right now I am ready to strengthen liberal message not only in European youth politics but also in Vilnius city council and come back to more active and stronger involvement in LYMEC.

Regional responsibilities (Central Eastern Europe, Eastern Europe and Baltics);

I actively communicated with organizations, consulted them on various issues like partnerships with other organizations and international funds, policy-related topics, LYMEC's full membership accession procedures, membership reduction.

I also had at least 5 meetings in person with member organisations. I'm very happy that during the last LYMEC Congress in Vilnius my regions have signed closer cooperation agreement. It is indeed very important to stay strong in the times when liberal democracy has some difficulties.
