**TO: EUROPEAN LIBERAL YOUTH (LYMEC)  
LYMEC MEMBER ORGANISATIONS**

*Sofia, 13.02.2020*

**DEAR LIBERAL FRIENDS,**

On behalf of the Youth Movement for Rights and Freedoms (Youth MRF), I have the honour to nominate Antoaneta Asenova for the position of President of the European Liberal Youth (LYMEC).

Antoaneta Asenova is currently serving as Bureau member and Policy officer of the European Liberal Youth (LYMEC), a position she was elected to at the LYMEC congress in Berlin in 2018. Active in LYMEC since 2016, Antoaneta has proven in the past years to be a vigorous advocate of our common liberal values, youth-related policies and the promotion of LYMEC's positions.

Antoaneta's dedication to her work at both the European Parliament and the LYMEC Bureau, her commitment to the liberal principles and values and her passionate pro-European views have rendered her a respected young person throughout the structures of the Liberal family. Being in charge of the policy portfolio of the organisation, Antoaneta has a committed, hands-on approach and thorough understanding of the LYMEC stands. She has often represented the organisation speaking at European Liberal Forum, ALDE Party, Friedrich Naumann Foundation and Liberal International events, promoting the role of young people for forging stronger liberal democracies and insisting on youth inclusion in politics all around Europe.

Throughout the past years, she has proven herself a valuable team player with a strict sense of work ethics, time management and strong networking capabilities. Leading the LYMEC delegations at the ALDE Party Congresses, as well as initiating a number of policy initiatives within LYMEC, including the common work on LYMEC's electoral manifesto have displayed her leadership potential as well.

We believe in Antoaneta, her meticulous and committed approach to the work she is doing in the Bureau, and her vision for a strong, vocal and professional LYMEC. Therefore, we strongly support her for running for LYMEC President at the upcoming European Liberal Youth (LYMEC) Congress in Skopje and encourage you to support her as well.

Sincerely yours,

Ilhan Kyuchyuk, President  
Youth Movement for Rights and Freedoms
