Traveling, exploring the nature on Bornholm, debating politics, working out and being with my family and friends.

Profile

Key words to describe me would be structured, dedicated and aware of my surroundings. I use the three disciplines in my studies, volunteer work, professional work and as a candidate for the Danish parliament.

Employment History

Project assistant , Hansen & Ersbøll Agenda, Copenhagen

FEBRUARY 2020 – PRESENT

As project assistant i work with clients and customers who wants to become more sustainable and make a difference in their market.

Besides that i am the contact person for the Danish project called 'I Love Global Goals', which communicate the importance of SDG's and teach young Danes to work with them in their everyday life.

Student worker, The Danish Plastics Federation, Copenhagen

JULY 2018 – JULY 2019

Worked with political communication in the danish plastic industry.

Student worker, CEPOS - Liberal think tank , Copenhagen

MARCH 2016 – JULY 2018

Worked with political and economic analysis in the only classical liberal, free market think tank in Denmark.

Education

Master in Communication and IT, University of Copenhagen, Copenhagen

SEPTEMBER 2018 – PRESENT

Classes in system development, innovation, Data mining and communication and collaboration in organizations.

My master will be about the European politics regarding artificial intelligence

Bachelor in Communication and IT, University of Copenhagen, Copenhagen

SEPTEMBER 2015 – JUNE 2018

Focus on Computer science, communication, interaction design of platforms and regulation of IT infrastructures.

Internships

Political Intern, The Danish Embassy in Estonia, Tallinn

AUGUST 2019 – FEBRUARY 2020

Six month internship at the Royal Danish Embassy in Estonia. I worked with European politics, geopolitical issues and Estonian national politics.

Did background research, collection of information and contributions for the official reports to the Danish MFA and other ministries.

Preparing analyses of current interior and foreign affairs related to the Estonian context.

Volunteer political work

Member of Danish Youth Council network of well-being in youth organizations, Copenhagen

SEPTEMBER 2018 – MARCH 2019

Developed rules, guides and workshops to communicate about well-being between members of youth organizations.

Member of Venstres Ungdoms international board

SEPTEMBER 2018 – SEPTEMBER 2019

Responsible for our work in Lymec and facilitating knowledge about Lymec within Venstres Ungdom.

Chairman for the courses and education of members in Venstres Ungdom

SEPTEMBER 2016 – SEPTEMBER 2018

Head of the course sector and education of members in Venstres Ungdom. Leading a board consisting of 7 members beside me as chairman.

Member of the National Board in Venstres Ungdom

MARCH 2016 – SEPTEMBER 2018

I was elected as a free board member, with responsibilities for the Danish Folkemøde and the development of members in the organization. From September 2016 I was reelected this time as head of the course sector.

Extra-curricular activities

CEPOS digital Academy, Copenhagen

SEPTEMBER 2018 – DECEMBER 2018

Participant in the first CEPOS digital academy. In collaboration with Milton Labs.

CEPOS Academy

JANUARY 2017 – JUNE 2017

Participant in CEPOS Academy. Passed the Academy with focus on classic liberal theory and free market.

Candidate for the Danish Parliament

Candidate, Bornholm

MARCH 2020 – PRESENT

I am running to be member of the Danish Parliament for Venstre - The Liberal Party of Denmark. I rate as second on the list from my home region in Denmark, Bornholm.

My priorities is to get the youth generation involved in rural areas, facing the climate crises with facts and solutions and fighting for better business conditions in rural areas.
