Dear all ,

With this letter, I would like to express my interest in becoming Internal auditor.

When I saw your ad, based on the position I thought it was a position that would suit me completely because it was in line with my abilities, affinities and principles. LYMEC is really a leader amongst other organizations and I believe that if I got this position, I would learn a lot, gain a different experience and allow myself to grow even more as a person.

I believe that there is no better place of LYMEC to continue my political career . I consider it a vibrant experience to meet new people.

I am very pleased to hear about this opportunity to join your team as I see this opportunity as a very significant step in my career. Please find attached my CV. Feel free to contact me by phone or email if you need more information.

Thank you for taking the time to consider my application.

Sincerely,

Sanda Krekikj
