

Motivation Letter for the position of LYMEC Bureau Member

Ida-Maria Skytte

Dear Liberal Friends,

I could not be happier to officially announce that I am running for the position of Bureau Member of LYMEC with the support of all the Nordic Member Organisations of LYMEC.

With my political experience from Svensk Ungdom, where I have been a member of both the Regional and National Board and an active member for five years, as well as my experience from Svenska Folkpartiet i Finland, which I have represented in both Municipal and European Parliament elections, I am confident that I can contribute to making LYMEC an even stronger platform for young liberals from all over Europe.

I have participated in several of LYMEC's Congresses, workshops and events, and represented LYMEC as a member of its delegation to the ALDE Party Congress, where I have worked closely with the member parties of ALDE to lobby for LYMEC's ideas and successfully get several of LYMEC's policies adopted. These experiences have taught me a lot about LYMEC. They have also made me look forward to learning even more and shape the future of LYMEC together with the Member Organisations and the new Bureau.

Recently, I have had the unique opportunity to work as an intern at Liberal International – the mother party of IFLRY – and have throughout the internship received professional skills in political campaigning, event planning, and internal as well as external political communication. Currently I am working full-time with politics as the Parliamentary Assistant to the Finnish Minister of Justice. If elected to the Bureau, I would be more than happy to make use of my skills and experience in especially political campaigning as well as my national and international political network.

Since my first LYMEC Congress in the Autumn of 2018, LYMEC has truly felt like a family to me. It has been an organisation that I have been proud to be a part of, and an organisation that has given me everything from political experience to friends from all over Europe.

If elected, I promise that I will give you my time, effort and political passion to make LYMEC an even stronger, more inclusive and more political organisation.

Sincerely yours,
Ida-Maria Skytte
