Dear liberal friends,

It is my great honour to nominate Tuuli Helind for the position of Internal Auditor for LYMEC.

Tuuli has been active as a member of the Estonian Reform Party Youth (ERPYP) for 6 years and during this time has served as both a Member of the Board as well as an International Officer. Most recently, she has led the effort to change and modernise our internal statutes to more reflect the organisational needs.

During her career, Tuuli has been working in positions that require excellent attention detail and a great sense of a worldly view. Her interest in the field of risk management and compliance is best reflected by her current occupation, where she daily focuses on investigating high risk profile customers in a fintech startup in order to rule out any possible signs of financial crime.

Tuuli is a classical liberal, who above all believes in every person's right to choose their own path of life, taking full responsibility and be in charge of their decisions. Through her statements, both inside and outside of ERPYP, she has stood on the forefront of representing these values.

Her previous efforts as the International Officer of ERPYP have brought more resolutions for which ERPYP is the cosigner of and a larger cooperation with other both classical liberal and Eastern European Member Organisations.

We, ERPYP, therefore strongly support her candidacy for the position of Internal Auditor. We find Tuuli to be a candidate whose competencies are a strong asset for both us and LYMEC and the liberal movement overall.

On behalf of Estonian Reform Party Youth

Katarina Elisabeth Saage  
Chairman of the Board
