Nomination Letter: Dan-Aria Sucuri for LYMEC Vice Presidency

Dear Liberal friends,

On behalf of the Nordic member organisations of LYMEC, we have the pleasure to nominate Dan-Aria Sucuri as new Vice President of LYMEC.

Since 2018, Dan-Aria Sucuri has been the Communication Officer of LYMEC and has made remarkable progress. Not only for the communication of LYMEC, but also the overall development of the organisation. Through his mandate, Mr. Sucuri has proven to be a very reliable team player and has fulfilled his responsibilities as a bureau member.

Perhaps one of Mr. Sucuri's greatest efforts were during the EP-election campaign. With small resources and a small team Mr. Sucuri shown his dedication towards LYMEC and active engagement in spreading the liberal idea of Europe. An effort that resulted in LYMEC being the most viral European umbrella organisation on social media during that period. Due to his background we also believe that Dan-Aria Sucuri has a broad understanding and can unite the diverse member organisations of LYMEC towards a common goal. A merit that is essential when Europe faces threats from the left and right extreme forces.

We, from the Nordic member organisations of LYMEC strongly support Mr. Sucuri's his ambitions to promote and protect our liberal values on a European scale as Vice President.
