

## NOMINATION LETTER

Skopje, 09.03.2020

**Liberal democratic youth (LiDeM ), hereby nominates Sanda Krekikj for the position internal auditor of the European Liberal Youth (LYMEC), youth wing of ALDE Party.**

Dear liberal friends, as a president of Lidem I would like to nominate Mrs. Sanda Krekikj for the position internal auditor. As a organization we believe that she has a proven track record of working selflessly for our organization. She is international officer of Lidem and she is also working a lot with our international partners like Libseen, FNF, IFLRY and Lymec. In the previous period she approved her skills in organizing international events and activities in our country. So we believe that it is time to take her engagement to the next level which is LYMEC. She is very hard working and friendly person and would be asset to the organization. She is an enthusiastic supporter of strong ties of cooperation between our international partner organizations. She has visited a lot of international and national Academies and events. Lidem will continue to hardly work on spreading the liberal values and will continue having an active voice in Lymec. Nominating Sanda as internal auditor of LYMEC is a proof of both her and our engagement with the political liberal organizations in Europe.
