

DEAR LIBERAL FRIENDS,

Please find this letter on behalf of Istrian Democratic Youth from Croatia, a LYMEC member for more than 13 years. We are pleased that we can nominate our member Paolo Pelesk for new Bureau Member of LYMEC.

Paolo Pelesk is an active member of our Party with a lot of years of experience especially when we talk about the work with young people through the activities of the party and the Youth Council in the Region of Istria. Paolo is also experienced in dealing with European policies and we are really positive about the expectations that through his work and contribution LYMEC can benefit in future development and through spreading its liberal policies.

Sincerely,

Marin Lerotić  
Chairman of Istrian Democratic Youth
