

Ellinor Juth

Motivational letter for the LYMEC Delegation to the ALDE Party Congress

Dear liberal friends,

I am thankful for the opportunity to apply for the LYMEC delegation to the ALDE congress. My name is Ellinor Juth and I come from Finland where I am active in Svensk Ungdom. I am running for the delegation because I want to ensure that young liberal values are put forward and taken into account for in the mother party. I am very dedicated and committed when it comes to working for a good cause, which I believe this is.

With a long background in Svensk Ungdom, where I used to work as a Political Officer, I have gained broad political experience. I have factual knowledge as well as know-how in campaigning, debating and lobbying for a cause as in preparing all the work that it takes to follow out and implement political action. Now I am working as the Secretary General for a non-profit organisation that monitors and supports children and youth in school in the swedish-speaking parts of Finland. I am still actively involved in Svensk Ungdom, mainly as a member of our Equality Committee but also since recently in our International Committee. I am passionate about issues concerning equality, human rights and climate, and in these matters, it is especially important that international cooperation work. I possess the expertise required for being a part of the LYMEC delegation to the ALDE Party Congress, but at the same time am also willing and motivated to learn more. It would be an honor for me to represent LYMEC at the ALDE Party Congress. I believe my experience in both national and international politics would be useful and of interest for the delegation.

If you decide to put your trust in me as a part of a young, sharp and brilliant delegation I will give you my full dedication. I will work as a teamplayer in order to achieve our common liberal values and goals. I promise transparency towards our MO's and IO's and with their support I am sure we will do a fantastic job in Stockholm in December, together.

Thank you for your time and consideration,

Best Regards,

Ellinor Juth ,
Svensk Ungdom
